Name and Relationship of Authorized Representative:

BY SIGNING BELOW, on behalf of the Applicant, I declare that the Applicant has duly authorized me to make the certifications and assurances set forth above and bind the Applicant’s compliance. Thus, the Applicant agrees to comply with all Federal statutes, regulations, executive orders, and Federal requirements applicable to each application it makes to the Federal Transit Administration (FTA) in Federal Fiscal Year 2006.

FTA intends that the certifications and assurances the Applicant selects above, as representative of the certifications and assurances in set forth in this document, should apply, as required, to each Over-the-Road Bus Accessibility Grant for which the Applicant seeks now, or may later, seek FTA assistance during Federal Fiscal Year 2006. The Applicant affirms the truthfulness and accuracy of the certifications and assurances it has made in the statements submitted herein with this document and any other submission made to FTA, and acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, 31 U.S.C. 3801 et seq., as implemented by U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 CFR part 31 apply to any certification, assurance or submission made to FTA. The criminal fraud provisions of 18 U.S.C. 1001 apply to any certification, assurance, or submission made in connection with a Federal Transit program authorized in Chapter 53 or any other statute

In signing this document, I declare under penalties of perjury that the foregoing certifications and assurances, and any other statements made by me on behalf of the Applicant are true and correct.

SUPPLEMENTARY INFORMATION:

Background

Section 1906 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy For Users (SAFETEA–LU) establishes an incentive grant program to prohibit racial profiling (“the Section 1906 Program”). The purpose of the grant program is to encourage States to enact and enforce laws that prohibit the use of racial profiling in traffic law enforcement and to maintain and allow public inspection of statistical information regarding the race and ethnicity of the driver and any passengers for each motor vehicle stop made by a State or local law enforcement officer on a Federal-aid highway.

Requirements To Receive a Grant

SAFETEA–LU provides that a State may qualify for a grant under the Section 1906 Program in one of two ways: (a) by enacting and enforcing a law that prohibits the use of racial profiling in the enforcement of State laws regulating the use of Federal-aid highways and maintaining and allowing public inspection of statistical information on the race and ethnicity of the driver and any passengers for each motor vehicle stop made by a law enforcement officer on a Federal-aid highway (a “Law State”); or (b) by providing satisfactory assurances to the Secretary that the State is undertaking activities to prohibit racial profiling and to maintain and provide public access to data on the race and ethnicity of the driver and passengers for each motor vehicle stop made by a law enforcement officer on a Federal-aid highway (an “Assurances State”). A State may not receive a grant for more than two fiscal years if it is qualifying for the grant only by providing assurances to the Secretary that it is undertaking activities to comply, rather than by enacting a complying law.

Definitions

As provided in section 1906—

Racial Profiling means use by a State or local law enforcement officer of the race or ethnicity of a driver or passenger to any degree in making routine or spontaneous law enforcement decisions, such as ordinary traffic stops on Federal-aid highways. As limited by

section 1906, this term does not include the manner in which a State or local law enforcement officer considers race or ethnicity when trustworthy, relevant, location-specific and timely information links persons of a particular race or ethnicity to an identified criminal incident, scheme or organization.

Statistical Information on Traffic Stops and Traffic Stop Data mean information on the race and ethnicity of the driver and any passengers for each motor vehicle stop made by a State or local law enforcement officer on a Federal-aid highway.

Eligible Uses of Grant Funds

As prescribed by SAFETEA–LU—

Law States may use section 1906 grant funds for:

○ Collecting and maintaining data on traffic stops;

○ Evaluating the results of such data; and

○ Developing and implementing programs to reduce the occurrence of racial profiling, including programs to train law enforcement officers.

Assurances States may use section 1906 grant funds for:

○ Funding activities to prohibit racial profiling in the enforcement of State laws regulating the use of Federal-aid highways;

○ Collecting, maintaining and providing public access to traffic stop data;

○ Evaluating the results of such data; and

○ Developing and implementing programs to reduce the occurrence of racial profiling, including programs to train law enforcement officers.

Financial Accounting and Administration

Within 30 days after notification of award, but in no event later than September 12, a State must submit electronically to the agency a program cost summary (HS Form 217) obligating the funds to the Section 1906 Program. Submission of the program cost summary is necessary to ensure proper accounting for federal funds and is a precondition to receiving grant funds. The Federal share of programs funded under this section shall not exceed 80 percent.

Reporting Requirements

Each fiscal year until all section 1906 grant funds are expended, States should carefully document how they intend to use the funds in the Highway Safety Plan they submit pursuant to 23 U.S.C. 402 (or in an amendment to that plan) and detail the program activities accomplished in the Annual Report they submit pursuant to 23 CFR 1200.33.

Law State Certification

State (or Commonwealth):

Fiscal Year:

I hereby certify that:

(1) the State’s law prohibiting racial profiling, available at

1 Congress actually authorized the section 1906 grant program for 5 years from FY 2005 through FY 2009. However, grant funds authorized under the section 1906 Program did not become available to DOT until too late into in FY 2005 to make awards during that fiscal year. The $7.5 million authorized for FY 2005 grants remains available and will be added to the amount available for grant awards in FY 2006, the first year in which grants will be awarded under this program.

2 Use of the term “Federal-aid highway” is governed by Chapter 1 of Title 23, which defines as a highway eligible for assistance under Chapter 1 other than a highway classified as a local road or rural minor collector (i.e., all public roads except local and minor rural roads).

State Traffic Safety Information System Improvement Grants

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Announcement of grants to support state traffic safety information system improvements.

SUMMARY: The National Highway Traffic Safety Administration (NHTSA) announces a grant program to improve State traffic safety information systems under Section 2006 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy For Users (SAFETEA–LU). This Notice informs the 50 states, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, through their Governors’ Representatives for Highway Safety, and the Bureau of Indian Affairs (on behalf of the Indian tribes), of the application procedures to receive grants to be made available in fiscal years 2006 through 2009.

DATES: Applications must be received by the appropriate NHTSA Regional Office on or before June 15 of the fiscal year for which a State seeks a grant.

ADDRESSES: Applications must be submitted to the appropriate Regional Administrator.

FOR FURTHER INFORMATION CONTACT: For program issues, Jack Oates, Office of Traffic Injury Control, Injury Control Operations and Resources (NTL–200), NHTSA, 400 Seventh Street, SW., Room 5118, Washington, DC 20590, by phone at (202) 366–2121 or by e-mail at jack.oates@nhtsa.dot.gov. For legal issues, Dana Sade, Office of Chief Counsel, NCC–113, NHTSA, 400 Seventh Street, SW., Room 5219, Washington, DC 20590, by phone at (202) 366–1834 or by email at dana.sade@nhtsa.dot.gov.

SUPPLEMENTARY INFORMATION:

Background

Section 2006 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy For Users (SAFETEA–LU) establishes a State traffic safety information system improvement grant program, administered by NHTSA. The purpose of this grant program is to support the development and implementation of effective programs by the States to: (1) Improve the timeliness, accuracy, completeness, uniformity, integration, and accessibility of the safety data that States need to identify priorities for national, State and local highway and traffic safety programs; (2) evaluate the effectiveness of efforts to make such improvements; (3) link the State data systems, including traffic records, with other data systems within the State, such as systems that contain medical, roadway, and economic data; and (4) improve the compatibility and interoperability of the States’ data systems with national traffic safety data systems and data systems of other States and enhance NHTSA’s ability to observe and analyze national trends in crash occurrences, rates, outcomes, and circumstances. Section 2006 authorizes $34.5 million in funding for each of four fiscal years from FY 2006 through FY 2009. The Section 2006 grant program is codified in 23 U.S.C. 408 (“the Section 408 Program”).

Today’s Notice solicits applications for grants under this program. SAFETEA–LU provides that the amount of each first fiscal year grant shall be the higher of $300,000 or an amount determined by multiplying the amount appropriated to carry out the Section 408 Program for that fiscal year by the ratio that the funds apportioned to the State under section 402 for FY 2003 bears to the funds apportioned to all eligible States under section 402 for FY 2003. Each State that qualifies for a successive fiscal year grant shall be eligible to receive the higher of $300,000 or an amount determined by multiplying the amount appropriated to carry out the Section 408 Program for that fiscal year by the ratio that the funds apportioned to the State under section 402 for FY 2003 bears to the funds apportioned to all eligible States under section 402 for FY 2003. No State may receive a grant under this section in more than four years.

Requirements To Receive a Grant

First Year Grants

SAFETEA–LU provides that a State may qualify for a first year grant by demonstrating that it has: (a) Established a highway safety data and traffic records coordinating committee (a “TRCC”); and (b) developed a multiyear highway safety data and traffic records system strategic plan (a “Multiyear Plan” or “Strategic Plan”).
